- Use the correct postal code for US state and Canadian province names. ([view codes](#))
- Use the correct internet country code for country abbreviations. ([view codes](#))

The "**(view codes)**" link opens a new browser window. To return to your application simply close the new window.

- Fill in high school, college, and job information in reverse chronological order. For example, in a table where you're asked to list the high schools you've attended, write the most recently attended one in the top row of the table, the next most recently attended in the second row, and so on.
- Separate digits in social security and telephone numbers with dashes only, no slashes or parentheses.
- Be sure to check your application carefully before sending it!
- There are usually other requirements for admission such as having transcripts, test scores, or recommendations sent to the school. Be sure to fulfill these requirements as well as submitting your application.

## If you have problems accessing web forms

If you encounter problems accessing web application forms, it may be because you need to download a later version of your browser program. To determine if this is the problem and to download a new version if needed:

1. Access the Browser Diagnostic form.
2. Follow the instructions on the Debug form to test your current browser and download a later version if you need to.

## Web Application Features

- The web application server stores the information you enter under the private user name and password you establish.
- Nothing you enter on an application form is sent to the institution until you transmit it. That means you can set up your account, fill out information on an application form, change it, and save it free of charge and without worry of disclosing information to the institution before you're ready.
- You don't have to complete an application in one sitting. For example, you can start working on an application at your library's web terminal, save your work, recall it from your web terminal at home, and continue working from there. Wherever you have access to the web, you have access to the information you've saved.
- When you fill out more than one application form, ApplyWeb automatically enters common information you filled in on the first form in all subsequent forms. For example, if you've entered your name and address on an application form and saved it, ApplyWeb will automatically write that information on the next form you call up (assuming, of course, that the next form also has name and address fields). Also, if you change the information on one form, it's changed on all others. This feature can save you a lot of time and typing when you're applying to more than one ApplyWeb institution.
- Your data is transmitted securely over the Internet. The information you enter is encrypted and secure when you save it and when you send it. Although general data collected on the system may be used in statistical studies and reports designed to assist institutions with planning, any information bearing your personal identification is only disclosed to the institutions you send it to.

## Transfer Admission

1997-98: 287 applied, 149 admitted (52%)

We welcome the diversity and maturity transfer students bring to the College. Transfer applicants can apply for either fall or spring semester and are evaluated on a rolling basis. Notification of the admission decision will be made within three weeks after all required materials have been received. Some transfer applicants decide later in the spring to apply; they are encouraged to get all credentials to us as soon as possible to ensure a smooth transition to the College. Late spring and early summer applicants may find financial aid resources and housing options limited. **Please note that the priority filing deadline for financial aid is March 1.**

Applicants for spring semester must submit all credentials by **December 1**.

## Portfolio Path to Admission

Lewis & Clark has offered this alternative application plan since 1991. The key elements of the Portfolio Path, in addition to the requirements on the checklist that follows, are the submission of **three** academic teacher recommendations and at least five samples of **academic** work. Students also have the option of requesting that their school remove standardized test scores from transcripts before they are submitted to Lewis & Clark. Portfolio materials must include at least one graded writing sample. Other materials may include, but are not limited to: term papers; personal journals; science projects or lab reports; essay tests; audio, video, or slide examples of talent in the fine arts. Students sending original work they wish to have returned should include an appropriate self-addressed, stamped envelope, tube, or other shipping container.

## International Students

Applicants to the undergraduate program (or to both the undergraduate program and the Institute for the Study of American Language and Culture) who do not hold U.S. citizenship or Permanent Residency may request an International Student Application from the Office of International Student Services ([iso@lclark.edu](mailto:iso@lclark.edu)). This application may be obtained in hard copy or downloaded from the international student admissions home page on the Lewis & Clark Web Site.

International students attending school in the United States or international schools abroad can also use the application materials provided here. In addition to these materials, however, each international student applicant is required to submit a Certificate of Financial Responsibility. This form is available on request from the Office of International Student Services ([iso@lclark.edu](mailto:iso@lclark.edu)) or from their Web Site.

All applicants who are not U.S. citizens or Permanent Residents should submit their application materials to:
